

# How We're Managing COVID-19

Like you, we're focussing on safety right now. That means we're taking all precautions and following the NSW Health guidelines.

Many of our properties are available to view by private appointment, while observing sanitation and distancing guidelines.

Some of our vendors will wait until COVID lockdowns finish to continue their sale campaign.

The health of you and all our valued clients remains our number one priority, while we support each other through this difficult period.

However, in many ways, it is 'business as usual' as we work hard to minimise disruption to your buying and selling requirements.

If you would like to discuss your options in regards to selling or leasing, or would like to make a time to view a property, please call us.
